TROTTING—Mile and repeat, double teams, purse \$225. 1st team \$10, 2d \$7, 3d \$1. Custrained teams must be used on buggy teams, must pull buggies owners of teams to drive. Free for District clubs.

FIFTH DAY.

TROTTING—Free for all, mile heats, 3 in 5, purse \$225. 1st horse \$100, 2d \$50, 3d \$25. Free for all.

RUNNING—Free for all, 2½ mile dash, purse \$300. 1st horse \$100, 2d \$50, 3d \$25. Free for all.

TROTTING—Purse of \$50 to the horse that trots nearest to 4½ under saddle or in harness. Bets to this race will close at 9 P. M. the evening before the race.

CONDITIONS.

Entries to all trotting and running races to close with the Secretary, at 9 o'clock, P. M., Saturday, September 1st, 1883.

All entries to be made in writing to give name, color and marks of horses. Also name and residence of owner, and in running races colors to be worn by driver, and in any other particular that will enable the audience to distinguish the horses in the race.

Write "Entries to Races" on outside of envelope, seal and accompany by entrance fee.

Entrance fee, ten per cent of purse. No entries will be received unless accompanied by the fees.

In all races three or more to enter and two or more to start.

National Association Rules to govern trotting, but the Board reserves the right to trot heats of any two classes alternately if necessary to finish any day's racing, or to trot a special race between the heats.

Rules of the Pacific Coast Blood-Horse Association to govern running.

Any person not intending to start his horse must notify the Secretary in writing on or before 8 o'clock in the evening previous to the race.

Horses entered in races can only be drawn by consent of the judges.

For whatever in any race a horse shall only be entitled to one heat, the two and quarter of the entrance fee levied from the owner, entries for said purse, and a horse winning a race entitled to first money only, except when disengaging the field, then entitled to first and third money only. A horse wins but one money unless any other car must draw.

If a bettor and partisanship interested is particularly called to attention by the National Trotting Association, under the provisions of which, except as otherwise specified, all matters appertaining to the trotting races will be conducted.

The following resolution, adopted by the California State Board of Agriculture, has been endorsed and will be strictly enforced by this Association:

Resolved, That where any ridge, driver or horse tests under a ban imposed by any District Blood Association of this state, that the same shall be duly recognized by this Board and that the person or horse upon which said ban rests shall not be allowed to ride, drive or start in a race until such ban is lifted or satisfied.

Races to begin each day at 10 o'clock P. M. sharp.

JNO HARDGRAVE, President.

D. W. JENKS, Secretary.

LIVING ISSUES.

Among the multitude of important questions that will in all probability come before the next Congress, there are two of especial moment that must be met and answered. The establishment of a Postal Telegraph system, and the unlimited and almost despotic control of capital over labor and the commerce of the country. If there should be a disposition on the part of the next Congress to dodge either of these questions, more especially the latter people will force the issue into the next Presidential election, and thus pledge the successful candidate and the Congressmen elected with him, to take action in the matter. What views a majority of the members composing the present Congress may entertain on these questions is not known with any degree of certainty, but it is morally certain that both questions will be vigorously presented and that some action will be taken.

EDMONDS AND WASHBURN.

A vigorous writer who signs himself "Republican," in a letter to the New York Times from Oakland Cal., urges the claims of Judge Edmunds and E. B. Washburn for the next Presidential ticket.

ANOTHER VIEW.

Among the many reasons given why Mackay espoused the cause of the Postal Telegraph Company and is now so earnestly engaged in pushing forward the scheme, it is stated that Mackay was induced to go into the company by reason of his feud with D. O. Mills. When he learned that Mills was going to stand firmly by the Western Union he determined to take up the Postal Telegraph cause. Jim Kenee was the principal negotiator of the business. A close friend of Mr. Mackay's says he (Mackay) does not intend sticking to the telegraph business. His plan is to build lines competing at all points with the Western Union, and then offer them to the Government at a fair profit.

Trial of Frank James.

The trial of Frank James, the Missouri ruffian, is now in progress at Gallatin, Missouri. A large delegation of witnesses are in attendance, including several county officials summoned by the defense. They say they are uninformed as to what evidence is expected of them. Charlie Ford and father are here among the State's witnesses. Many strangers are in town, and a large force of special police have been sworn to preserve order. The interest at present is great. The first cases on this docket are for the Winslow train robbery of 1881, in which Conductor Westhall was killed, and the Gallatin Bank robbery and the murder of Cashier Shields, in 1878.

Not Exactly.

John Devoy, who was sent to the penitentiary in New York for sixty days for libeling Augustus Belmont, the millionaire, was released a few days ago, and at a reception tendered him said: "The Irish are sentimental in politics." We do not agree with him. If they were, they would not vote the Democratic ticket. Foreign born citizens own all their political privileges to the Republican party. If the Democratic Confederacy had succeeded, no foreigner of full age could have hoped for citizenship under its constitution.

At the Front.

A telegraph line has been completed to Cimarron, fifty miles south of Livingston, M. T., on the Northern Pacific Railroad, from which point messages to the Hot Springs Hotel at Yellowstone Park are delivered free by a pony express, the President and party being first to use the line.

Not Insane.

Dr. M. T. Brown, Assistant Physician at the Stockton Insane Asylum, denies that Dr. Shurtliff, Superintendent of the Asylum, is insane, but says that he is physically unwell, and is now with his brother, Dr. Benj. Shurtliff, at Napa City.

There are thirty Nevada lady students at the San Francisco Art School, and a majority of them are possessed of more than ordinary talent.

Tramways in Ireland.

The Irish Tramway Bill has passed its third reading in the House of Commons. Its object is to afford facilities for constructing light railroads through the rural districts of Ireland to afford cheap transportation facilities. This is a very desirable measure, but it will not suffice to ameliorate the desperate condition of the Irish peasantry. Land monopoly exists there, and so long as that is the case, farmers and laborers must be in a distressed condition. The government assured Parnell that only £5,000 (25,000) would be set apart for emigration. This will not go very far in the clearance policy which Mr. Foster advocates.

Wanted an Office.

A Chinaman recently made application to the Mayor of Philadelphia to be appointed to the police force. He was a naturalized citizen and he claimed that a Celestial guardian was needed, as many laundrymen were forced to endure petty wrongs from white customers, for which they could get no redress. The proposal did not meet with much favor by the police. His request was denied.

A Little Tardy.

The Sir Knights it seems were not well up in the military business on the score of promptness with their parade at San Francisco on Monday. The procession was to move promptly at 10 o'clock, but was fully 1 o'clock before the whole column was in marching line.

Sir Benjamin Dean.

Sir Benjamin Dean, Most Eminent Grand Master of the Knights Templar of the United States, who is now in San Francisco, is fine looking gentleman of 59, though his age is in advance of his looks. He is of more than ordinary pleasing manner, and his clean shaven face, bright eyes, graceful manner, and personal magnetism, account in no small degree for the exalted position he occupies to day. He is not a native of this country, but though born in Clitheroe, England, he has lived here almost his lifetime, since 1824. He was educated primarily in Lowell, Massachusetts, and later at Dartmouth College, New Hampshire, whence he returned to Lowell to practice law, removing later to Boston, where he now resides. He has been in the Massachusetts Legislature several times, and also a member of the Boston Municipal Government. He was a distinguished member of the Forty-sixth Congress of the United States. He entered the Masonic Fraternity in 1854, and became a Knight Templar in 1855, and later Grand Commander of the Grand Commandery of Massachusetts and Rhode Island, then Captain General and Generalissimo of the Grand Encampment of the United States. He is Deputy for Massachusetts in the Supreme Council of Northern Jurisdiction of the Ancient and Accepted Scottish Rite, and is a member of the Grand Lodge of Massachusetts. He was elected to his present position, the highest in Masonic glory, three years ago, at Chicago.

The Fruit Business.

The fruit shipping firms at Newcastle are just now doing a big business. The shipments of the Association amount at present to about \$1,000 worth a day. The business of Wilson & Son also aggregate a large amount daily. Notwithstanding the unusually late frosts this Spring, which it was claimed at the time by some prejudiced authorities had almost ruined the fruit crop of the foot-hills. The shipments this year of fruit from Newcastle and the other shipping stations in this county, will considerably exceed in the aggregate the amount of fruit shipped last year. The prices realized this year are hardly so good as last, though they are very fair and satisfactory to the growers.—Placer Herald.

Extension of the Government Survey in Placer.

At the instance of the Land Department of the Central Pacific Railroad Company, though under direction of the Government, a party of surveyors are about to begin to work in the upper portion of Placer County to plat the heretofore unsurveyed sections of that region. Lying northeast of Michigan Bluff there are some four Government townships, or about 92,000 acres, that have never been surveyed and it is proposed to run this off in sections and quarter sections. The country is very rugged and the cost of the work will be considerable.—Placer Herald.

Deservedly Popular.

Unless it had great merit Parker's Ginger Tonic could not be so popular. Its sales have spread remarkably everywhere, because invalids find it gives them new life and vigor when other medicines fail entirely.

The Carson Tribune don't like the idea of the Miners' Union having their picnic at Steamboat Springs. The paper says that the society will lose \$500 by not having the picnic at Carson. How much will Carson lose?—Footlight.

KNIGHTS OF PYTHIAS.

REPORT OF GRAND CHANCELLOR.

of the Order. The following is a list of dispensations granted during my term of office to June 30, 1883:

INSTALLATIONS.

Jan. 5, 1883, J. T. Martin, P. C.; E. N. Robinson, C.C.; W. E. Taylor, V. C.; M. B. Bartlett, Prelate; O. Barbier, M. of F.; W. J. Smith, M. of E.; W. E. Davidson, K. of R. and S.; J. Casoli, M. of A.; G. Margantini, I. G.; J. Giacomella, O. G.
--

July 6, 1883, W. E. Taylor, C. C.; M. B. Bartlett, V. C.; Geo. Gavin, Prelate; M. G. Cavanaugh, M. of F.; Aug. Hintze, M. of E.; W. E. Davidson, K. of R. and S.; James Laird, M. at A.; James Giacomella, I. G.; Peter Loh, O. G.

I take this opportunity of returning my thanks to the officers and members of Beaufort Lodge, No. 7, for their courteous treatment during my term of office as District Deputy.

I have forwarded to the Grand Keeper of Records and Seal \$94 for dispensations and \$46 50 per capita tax, making a total of \$140 50.

Fraternally, in F. C. and B.,

O. L. BROX,
D. D. G. C., District No. 3.

DISTRICT NO. 5.

AUSTIN, July 7, 1883.

R. B. Mitchell, Grand Chancellor:

DEAR SIR AND BRO.: In accordance with the usual custom I make my report as District Deputy of District No. 5:

When appointed to the position I found Toiyabe, No. 9, in good working order, each officer taking his part promptly and well. I installed a new set of officers on the 4th day of January, 1883, and they had their charges committed in proper time. The change of Ritual caused the officers considerable extra study, but within a short time they were prepared to toe the mark and did it without the use of books.

At the commencement of my term, one year ago, they had 50 members; initiated, 4; reinstated, one; five withdrawals and two deceased, one, Bro. Shannon, Grand Vice Chancellor. The Lodge draped the charter and hall in mourning and passed appropriate resolutions.

I granted one dispensation to Toiyabe Lodge, No. 9, to confer the three ranks for \$25 to August 1, 1883, the same being repeated at the close of the first semi-annual term of my appointment.

The funds of the Lodge are somewhat lower than at last two reports, but they have purchased 100 copies of Constitution and By-Laws, also new uniforms, which will about make up the difference.

I have installed the officers elect for the term and have every reason to believe that they will fill their respective stations with credit to themselves and the Lodge. The capitation tax of \$24 I ordered sent to the G. K. R. and S.

Fraternally Yours, in F. C. and B.,

W. J. McGLEW,
D. D. G. C., No. 5.

DISTRICT NO. 8.

DAYTON, Nevada, July 12, 1883.

R. B. Mitchell, Esq., Grand Chancellor, K. of P., of Nevada:

DEAR SIR AND BRO.: I have the honor to submit herewith a brief report of the condition of District No. 8, which is composed of Lyon Lodge, No. 12, only:

On July 1, 1882, the total membership was 45; on July 1, 1883, the total membership was 47. The apparent gain during the year is but 2 members, though there has been an addition of 6 members, two have withdrawn and two have been suspended for N. P. of D. But, while the increase in membership has not been large, it has been of the best material in the community, so that we may say that the District has made a substantial increase in membership during the year just closed. Financially, the District makes a better showing. On July 1, 1883, this Lodge had in its Exchequer \$442 50; on July 1, 1883, \$348 38 in its Exchequer and \$6 25 in the hands of its Trustees, and \$678 75 invested in a U. S. 3 cent. bond, making a total of \$873 38 on hand and invested July 1, 1883. There is a gain of nearly 100 per cent. I have received during the term the sum of \$6 for dispensations granted to confer two ranks upon the same parties in one evening.

In conclusion I have only to say that Lyon Lodge has worthily carried the banner of Pythianism during the year. She has overcome outside prejudice against the Order; her officers are thorough and efficient in the secret work, using no Ritual in any part of the ceremonies, though working under the new Ritual; and harmony, zeal and brotherly good-will are ruling traits of the Lodge.

All of which is submitted in F. C. and B.,

JOHN E. BRAY,
D. D. G. C.

DISTRICT NO. 10.

TUSCARORA, Nevada, July 17, 1883, P. P. X. X.

R. B. Mitchell, Esq., Grand Chancellor, K. of P., of the Jurisdiction of the State of Nevada :

DEAR SIR AND BRO.: I visited officially Owyhee Lodge, No. 14, K. of P., on the evening of July 3, 1883, and receiving the assurance of the Chancellor Commander, Bro. Pleasant Moore, that the requirements touching the officers bonds, Tributes and Rituals had been complied with, I proceeded to install the following officers for the ensuing term : O. C. O. L. C. Fairchild; V. C. J. A. Plummer; P. E. H. Fontecella; K. of R. and S.; Theodore Evans; M. of E., Chas. McKay, being out of town his installation was postponed; M. of F., M. H. Black; M. at A., A. J. Dallas; I. G., C. C. Morris; O. G., J. H. Minnawew.

Owyhee Lodge, No. 14, numbered at the end of the term 32 members, 30 of which were instituted here and two admitted by card. Found the Lodge in good condition financially, and doing good work with very favorable prospects before it. Owing to the lateness of the receipt of Supreme Grand Lodge supplies, and some other material, the officers of the Lodge have labored under some difficulties, but under the circumstances done as well as could possibly be expected. Much credit is due to the C. C., Bro. Pleasant Moore, now P. C., for energy in promoting the interests of the Lodge and good of the Order here. Should his successor and Brothers do their part as well as he has done, Owyhee Lodge, will rank among the first in this jurisdiction. Enclosed please find P. O. money order for sixteen dollars as per capita tax for Owyhee Lodge, No. 14.

Yours in F. C. and B.,

W. S. HILLMAN,
D. D. G. C.

DISTRICT NO. 11.

ELKO, Nevada, July 6, 1883.

R. B. Mitchell, Esq., Grand Chancellor, K. of P., Virginia City, Nevada:

DEAR SIR AND BROTHER: I have the honor to report that at a regular convention of Elko Lodge, No. 15, K. of P., held last night at their Castle Hall, I duly installed the officers elect for the ensuing term into their several stations in Knightly Form. The Page's rank was conferred on two initiates. The work was well done, taking the newness of the Lodge into consideration.

Yours in F. C. and B.,

W. W. ROGERS,
D. D. G. C., District No. 11.

REPORT OF G. K. OF R. AND S.

RENO, Nevada, July 31, 1883.

To the G. C., G. V. C., Officers, Representatives and Members of the Grand Lodge Knight of Pythias, Grand Jurisdiction of Nevada: SIBS AND BROTHERS: In accordance with our Constitution we have again assembled to review the work of our Order for the year just past, and to consider such legislation as will be to its best interests in the future. As your G. K. of R. and S. I present herewith for your consideration a report of my official actions during the year just ended.

Immediately after the close of the last Grand Session I attended to all correspondence and the several duties ordered by that Grand Body. I also prepared the copy of the Journal of proceedings for the printer and placed it in the hands of the Committee on Printing. Soon after taking charge of this office I received the following communications relative to certain money forwarded by this Grand Jurisdiction to the Grand Jurisdiction of Michigan for supposed sufferers of our Order by the great fires which devastated portions of that State:

PALMER HOUSE, CHICAGO, Sept. 9, 1882.
Nate W. Roff, G. K. of R. and S., Reno, Nevada:

MY DEAR SIR AND BRO.: As per agreement between your Supreme Representatives, my colleague and myself, the money so kindly furnished by your Grand Jurisdiction to supposed fire sufferers in our State, will be returned to your jurisdiction

IN AND OUT OF TOWN.

What is Being Said and Done in a Small Way.

Governor Adams is at Rubicon Springs drinking and bathing in nature's own soda water.

Dick Wood, ex County Commissioner, and one of the solid men of Winnemucca, was in Reno yesterday.

An extensive forest fire is raging in the mountains near Nevada City, Cal., and is said to have destroyed a large quantity of valuable timber.

The express messenger who was killed by robbers near Riverside, Arizona, was a man named John Collins, not Johnny Brent formerly of this State.

John Ross, of the Eddie mill, at White Plains, has been appointed Superintendent of the new reduction works at Mill City, in Humboldt county.

At the Glendale dance Tuesday night a coal oil lamp took fire in the hall and was thrown out of the window and exploded on the ground, fortunately doing no damage.

The advertising cards issued by Dr. J. C. Ayer & Co. are works of art-worthy of a place in any collection. On receipt of a green stamp they will send a set of the cards to any address.

A Temperance Lecture.

James Ivey, a workman employed at the Crystal Lake quarry, three miles from Cisco, was run over by the cars last Sunday and killed. He had been to Cisco, got drunk, laid down on the track and went to sleep, when freight train No. 8 came along and struck him. He was taken to Emigrant Gap, where he died in a few hours.

The White Elephant.

Dan De Quille, who has been out on the O & C. Railroad says the sacred bird of Hawthorne is the pelican. The hunter who carries a dead pelican into that town might as well march into a Dutch village with a stork over his shoulder, or turn his gun loose on the buzzards of Panama.

The First Shipment.

The Paradise mill, which was recently started up on ore from the Wild Goose mine in that district made its first shipment of bullion on Monday. The assay value of the bullion was \$2,832. The mill is running steadily doing good work. That long neglected camp may come to the front again.

Unnecessary Trouble.

Consul General Booker has taken steps to insure police protection for Baron Coleridge, Lord Chief Justice of England, during his American tour. This precaution is hardly needed. Lord Coleridge and his party are as secure in life and limb in America as they are in England.

Social at Glendale.

Tuesday night eight or ten couples of young ladies and gentlemen, of Reno went down to Glendale to attend an impromptu dance. The party were joined by an equal number of young people in that village and together had a most enjoyable time.

Should Repeat and be Saved.

The Carson Appeal says that on Sunday morning at 2:55 o'clock three violent earthquake shocks were felt in that city. The oscillation of the first shock was from north to south, the other two from east to west.

Freight for the Month.

W. H. Scott loaded his big prairie schooner at Gallatin & Folsom's yes-terday, with flour and other supplies for parties at Mill Creek.

The New Boom.

Since Reno discovered in her midst a brace of Chinese lepers every other town in the State is jealous and has gone to prospecting for lepers. The search is said to have been crowned with success in Virginia and Carson, while prospecting in the Great Basin has not been so successful; at all events they haven't discovered anything yet that will do to bet on. Dan De Quille has been industriously at work in the lower levels of Chinatown at Virginia City, and although not a leper expert, reports having discovered several denizens in that quarter that have no noses, and others that lack an ear or two, while District Attorney Stephens reports having found a specimen that will pass muster anywhere. The value of the Carson specimen is somewhat in doubt yet, though its genuineness is vouched for by Sam Davis.

Surprise Valley.

The farmers in Surprise Valley have been unusually successful this year. Crops were never better, and there will be double the amount of grain raised in the valley this year than there was last. The farmers are in the midst of their harvest. It is feared that much of the crop will go to waste for the reason help cannot be procured to harvest it. Farmers are offering \$2.50 and \$3.00 a day for help but cannot find men even at that. Laborers are very scarce. In some instances the farmers are doubling up their forces, exchanging work as it were, helping each other and getting along as best they can. Forty or fifty good men could find profitable employment in Surprise Valley for months to come.

Desirable Neighbors.

A family near Omaha consists of the father, mother, and seven children. They reside in a neat cottage on a cross street that is sparsely built up. In this house the man and wife have lived nearly ten years, and neither parents nor children have ever stirred outside except at night, when they occasionally walk out in the dark of the moon. They have dealt steadily with one grocer, who sends the supplies in the evening, to be taken in through a window. Another freak of this curious family is that they keep a coffin in the house for each member. Naturally enough, they are thought to be insane.

Official Crookedness.

A big war is needed to occupy the attention of officers in the U. S. Army and Navy and to keep them from becoming demoralized. In a recent issue of the New York Times is presented a list of a dozen army and navy officers charged with either duplicating pay accounts, embezzlement, bigamy or drunkenness, awaiting the return of the Secretaries of War and Navy for trial by Court-martial, and says great efforts are being made by friends to screen some of them from the consequences of their acts. Give us a war with somebody.

He Had The Drop.

The one striking telegraph operator who proved too formidable for the company was in Pensacola. The yellow fever has broken out in earnest and the solitary operator on duty demanded \$10 a day. He had the drop on the company, so to speak, and they acceded to his terms. When yellow Jack is ended by cold weather, this operator will probably suffer from a killing frost, but then he can afford to take a vacation if the hot season proves to be a long one.

Another American Baroness.

A daughter of J. Murphy, of Murphy, Grant & Co., of San Francisco, was married in England to a baronet a few days since. Among other nobles present, there were about a dozen princes and princesses. The ceremony was performed by Cardinal Manning, assisted by a score or more of bishops, etc. Thirty five years ago Murphy swept out the store of A. T. Stewart & Co., of New York, Co. in less time than blood.

"GO EDE MEDICAL DISCOVERY." Has been used with signal success in consumption of the lungs, consumptive nit, it sweats, spitting of blood, shortness of breath, weak lungs, coughs, bronchitis, and kindred afflictions of throat and chest. Sold by druggists.

Dead Body Found.

J. W. McWay, who has just arrived from Paradise, says that Judge Bonfield, while fishing in Eden Valley last Friday, found the dead body of a white man. Papers found on the body showed that he had kept a diary up to the 14th instant. Justice Case of Paradise will hold an inquest on the remains.—Silver State.

Light on the Leprosy Question.

In Tuesday morning's JOURNAL was given such light on the leprosy question as was then obtainable, including the opinion of Dr. Hogan. Dr. Waggoner, who first declared the case leprosy, is still of that opinion, and in the following card gives his reasons therefore:

Editor JOURNAL: I write to you concerning my friend Dr. Hogan, but since his card in your issue of the 21st places the case of leprosy reported by me to the Board of County Commissioners in the subjunctive mood, I wish only to submit a few facts descriptive of the dreaded and loathsome disease that may enable the doctor to correct his diagnosis in the case and be of benefit to him in the future, should he be called upon to pass an opinion in another case. In regard to its contagion, Dr. Henry G. Pifford, an American physician in China, says: "The fact of the contagious character of leprosy should result in legislation providing for the isolation of these patients. America is interested in this, for, without speaking of the Norwegians, who have carried the disease into their settlements, the Chinese have introduced it into California, and there is not the shadow of a doubt but that it will pass from them into the other inhabitants of the country. Thus far it has been confined to the Chinese, but it certainly will not be restricted to them."

On its nature and diagnostic signs I will quote liberally from the immortal Virchow; the doctor will certainly recognize the authority. He says: Leprosy is an incurable, constitutional disease, marked externally by discolored patches and nodules on the skin, and deeply implicating the structure and function of the peripheral nervous system. Like the infections, it has a prodromal stage, measured by years rather than by a shorter time, which is followed by the eruptive stage (the condition in which we see), during which blisters on the skin come and go; sooner or later these erythematous congestions and exudations leave either permanent spots, brown or blanched, which are often without feeling (see Chinaman at Lake House), or they leave nodules (see Chinaman at jail). The disease diverges into two main varieties—the spotted (*l. maculosa*), and the nodular (*l. tuberculosa*). The two kinds are found side by side and frequently in the same person. The *macula* arise in the places of the former recordation. When the pigmentation deepens, the disease is *lepr. nigra*, or black leprosy (see Lake's cook)—the case in question. When the spots become blanched, it is *l. alba*, or white leprosy. The nodules characteristic of the cases in question generally arise in the suture of old blisters; at first small, scattered points, but they grow and coalesce. While the *maculae* of leprosy may occur in any part, the nodules are most apt to form on the face, causing thickening of all the features (see Lake's Chinaman), but they often occur on the hands and feet and sometimes over the whole body. The nodules, from being exposed to the weather and injuries, often ulcerate, and, like those of syphilis lupus, tend to spread. *Maculosa*, especially on the limbs, are liable to slight ulcerations followed by incrustations. Deep ulceration and necrosis occur at the joints of the fingers and toes, which may drop off joint by joint, leaving a well-healed stump (*l. multilobata*). So much for diagnostic symptoms by Virchow. Are they not true pictures of our Chinese lepers? Let the doctor answer.

F. R. WAGGONER, M. D.
RENO, Aug. 21, 1883

An Elegant Address.

Ex Governor Perkins, of California, has shown himself to be no novice in the use of the King's English. His address of welcome to the visiting Knights Templar in San Francisco was marked with many beautiful passages. This conclusion is quite poetic:

And, Sirs, we indulge the hope that when your sojourn among us has ended, and you return to your distant homes, that you will have no cause to regret your journey to this coast, and that you will often kindly think of your fellow pilgrims en camped where the Pacific sings on a golden sea the sunset song of the nation.

Trofatter Demurs.

By a private letter from San Francisco, says the Eureka Leader, it is stated that ex County Commissioner Trofatter is indignant that he should have been accused of accepting money to leave Eureka or that he was guilty of corrupt practices while officiating as a county officer. He offers no explanation for his leaving, but says he was guilty of no act which would justify the charging of crime to him.

An attractive, youthful appearance secured by using Parker's Hair Ball salve to all who are getting gray.

When Ladies are Attractive.

All ladies know their faces are attractive when free from pimples. Parker's Ginger Tonic is popular among them because it banishes impurities from blood and skin and makes the face glow with health.

Condon & McIntosh will furnish the mill work for Esmeralda's new court house.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-88-ly

The most healthy and popular drink of the season is the ice cold soft water sparkling with pure gas and flavored with true, delicious fruit syrups, to be had only at Queen's Soda Fountain.

PROFESSIONAL CARDS.

A. DAWSON, M. D.

OFFICE: IN SUNDERLAND'S BUILDING,
Rooms and 4
Residence on West Street between Commercial Row and Second Street
RENO, NEVADA

DICKSON & VAIL, ATTORNEYS-AT-LAW,

Will practice in all the courts of Utah and Nevada.

F. R. WAGGONER, M. D., PHYSICIAN AND SURGEON
